

The health and safety of Bald Head Island residents, visitors and employees is our top priority. If you're planning an island getaway, we wanted to share some important information in the wake of COVID-19.

**SOCIAL DISTANCING MEASURES:**

- When in public, a distance of at least 6 feet should be maintained between yourself and others.
- Island employees, residents and guests are advised to wear face masks or coverings in public.
- If you are experiencing possible COVID-19 symptoms, including cough, headache or fever, please self-quarantine and DO NOT travel to the island.

**FERRIES & TRAMS:**

- Passenger ferry capacities and scheduled runs may be reduced. Be prepared to wait longer to board your ferry. Tram reservations do not guarantee a seat on the ferry, so you should arrive at least 40 minutes in advance.
- Face masks are required for all ferry and tram passengers ages 3 and up. Social distancing restrictions also apply.
- For up to date ferry and tram information, visit [www.baldheadislandferry.com](http://www.baldheadislandferry.com).

**RECREATION/ACTIVITIES:**

- Island activities may be cancelled or altered due to restrictions on large gatherings.
- Restaurants may be open for takeout only or may be open for seated dining with limited capacity.
- Bald Head Island Club and Shoals Club services and amenities may be restricted or be operating with limited capacity.
- The Maritime Market is open and well stocked. Face masks or coverings must be worn and store occupancy is limited.
- Retail businesses are open with limitations on occupancy. Face masks or coverings are required.
- We recommend directly contacting restaurants, clubs and businesses for updates.

**CLEANING STANDARDS:**

- CDC-approved sanitizing and disinfecting products are being utilized to clean our vacation rental homes, both inside and on decks and porches.
- Housekeeping teams use fresh cleaning rags to prevent the spread of germs from one home to another.
- Bedding and towels are cleaned and dried in industrial grade washer/dryers at high temperatures.
- Bed coverings that are difficult to wash and dry are being replaced with washable cotton blankets and the double top sheet method is being used.
- Housekeeping staff are adhering to social distancing guidelines while working in homes and are wearing face masks and gloves.
- Particular attention is being paid to disinfecting high touch areas and items, including house keys, remote controls, door and cabinet knobs, light switches and faucets.
- Bring your own cleaning supplies to keep your home disinfected while you occupy it.

Please be courteous with island workers who are enforcing guidelines for the safety of everyone in our community. We look forward to helping families make great island memories, even with the unprecedented challenges we all face together.
