EXPERIENCE THE MAGIC OF SEA TURTLES HATCHING

The star of the show when it comes to nature and wildlife are the loggerhead turtles. Each year from approximately May to September, hundreds of turtles emerge from the Atlantic Ocean to lay their nests and later, thousands of baby hatchlings make their way back down the beach to the same waters. **2022 saw 148 loggerhead nests on Bald Head, resulting in a record 13,157 hatchlings.** Visitors can take part in the Bald Head Island Conservancy's Sea Turtle Protection Program by joining educators and naturalists as they patrol the beach for nesting turtles or watch over nests as they prepare to hatch.

THE COOLEST PARTY YOU'VE NEVER HEARD OF... BUT YOU'RE INVITED

A Bald Head Island tradition for a decade, the Maritime Market hosts the most-inclusive beach party anywhere each month when the full moon rises out of the Atlantic Ocean. The **"Howl at the Moon"** party happens on East Beach (Access 39) and attendees BYOB and bring appetizers to share. When the Moon rises, the entire throng of attendees breaks into a collective "howl"! The event is free and open to all. View a schedule at baldheadisland.com/island/events.
