Commercial Photography/Videography Agreement

Welcome! At Cinnamon Shore we offer photographers and their clients access to many lovely areas, from our lakes to our beautifully maintained grounds and dune walkovers, you are sure to find the perfect backdrop. Whether you are interested in photographing engagements, family portraits, senior pictures, or more, we would love to welcome you and help you preserve these special moments. **To engage in a portrait photography session a reservation is required, and the photographer is subject to a site fee to obtain a permit. This fee is applicable whether your clients stay on or off property.**

A permit is required if the photographer comes to the property with the intention of:

- Taking pictures for the purpose of selling them. Whether pre-purchased or sold later.
- Creating images for commercial advertisement or marketing.
- Providing a service for which they will be paid for or receive compensation of value.

A permit is not required for:

- Special occasion photography/videography taken within a rented or reserved area of the property for an event. I.E., a wedding booked at Cinnamon Shore.
- Any guest or owner staying on property taking photos themselves, without a hired photographer, for recreational, hobby or student purposes and may not sell their photos later.
- Members of the news media on official business

Commercial Photography/ Videography

Defined as A photography studio, production company, advertising/publicity firm or filming crew, hired by a client to create a product for profit, or a business owner or employee working on property to create images for commercial sale. Aerial photography is not permitted within property limits without prior written consent, so this permit will not allow for a drone or similar device. Permits can be obtained only after completing the application process and gaining approval. Permits are issued on a day-to-day basis and are valid only for the date they are purchased. The fee is non-refundable. A permit does not guarantee exclusive access to any part of the property, nor does it guarantee any exclusive time frame. Other photography sessions and/or site activities may be taking place at the same time. Please note that Cinnamon Shore employs a team of portrait photographers that will have sessions reserved at specific areas of the property at specific time slots. Therefore, outside photographers and their clients may be asked to vacate an area for a brief time so Cinnamon Shore photographers can complete their reserved session. We will do our best to ensure this is a kind and courteous experience for all involved and ask that you adhere to the same standards.
